

CLEVELAND CITY COUNCIL TO PROBE

To Investigate Responsibility.

NO INDICATIONS OF A SETTLEMENT OF STRIKE.

Both Sides Declare There is Nothing to Arbitrate—Cars Ran All Night on All Lines Except Two and Operators Experienced Little Trouble—Frank Wright, the Lad Who Was Shot By a Non-Union Motorman, is Not Seriously Hurt.

Cleveland, July 27.—[Special]—This is the eleventh day of the second street railway strike and there is no indication of a settlement as both sides declare there is nothing to arbitrate.

A special meeting of the city council will be held tonight to investigate the responsibility for the strike.

Cars ran all last night on all of the lines except two and there is but little trouble.

Frank Wright, a young son of a striker, who was shot in the leg last night by a non-union motorman, is not seriously hurt.

Hawley Held For Trial.

Cleveland, July 27.—[Special]—Conductor Hawley, who shot and killed a lad during the riots a few days ago, was bound over on a charge of murder in the second degree this morning and held without bail.

No Violence Today.

Cleveland, July 27.—[Special]—There was no violence in the city today. The cars are running regularly.

Cleveland, Ohio, July 27.—A riot occurred at noon Wednesday on the Brooklyn bridge, where 150 employees of the Boro Steel Range company attacked the non-union crew of a Pearl street car. When the car put in an appearance on the bridge, an obstruction was thrown over the rails, thereby compelling the car to stop, when a shower of stones fell upon it.

The motorman was too busy dodging the missiles to reverse his trolley and run the car backward, and this gave the rioters a chance to jump upon the car and drag off both him and the conductor. Both men were severely beaten before the arrival of the militia. No arrests were made.

Coroner Simon and Deputy Coroner West began the inquest in the case of Henry Cornzweit, who was shot and killed Monday noon by Conductor Ralph Hawley. Nineteen witnesses were subpoenaed. It will require two days' time to hear the evidence.

The presence of troops seems to have a salutary effect upon lawbreakers who place obstructions upon the streets.

Should the situation today prove to be as serious as it was Sunday and Monday, the city will probably be placed under martial law. At the present time one village on the outskirts of the city is practically under military authority.

The state board of arbitration made a statement to the public based upon the refusal of the Cleveland Electric Railway company to arbitrate its differences with the strikers, the gist of it being that the company had denied the right of the board to arbitrate.

Adj.-Gen. Axline took command of all the national guard troops in Cleveland and appointed a staff. His commissary-general and surgeon-general will have deskroom with him.

DISGRACE OF NEGRIER

Makes Situation Graver Than at Any Time Since the Dreyfus Agitation Began.

London, July 27.—[Special]—Several Paris correspondents to London papers say today that the situation caused by the disgrace of General Negrier is graver than at any time since the Dreyfus agitation began.

BELOIT EX-MAYOR HURT

Charles F. Hardy Knocked From His Wheel Last Night by a Reckless Driver.

Beloit, Wis., July 27.—[Special]—Ex-Mayor Charles F. Hardy was knocked from his wheel last night by a reckless driver and sustained very serious injuries. Mr. Hardy was run down by a horse and buggy driven by an unknown driver, thrown under the wheels of the buggy and so badly injured that he will be laid up for months. Mr. Hardy was in company with Mr. and Mrs. W. H. Grinnell and Claude Hanna. Mr. Hanna was in front and when he heard the vehicle coming he warned the others and they steered to the right, almost into the weeds by the roadside, but the reckless driver pulled to the right and struck Mr. Hardy.

Mr. Hardy received a six-inch gash over his right eye and one of his limbs is very badly crushed. Drs. Reed and Farr dressed the injuries.

The common council of this city has

at last decided to erect a new jail. It will contain separate cells for male and female prisoners, a place for the patrol horse and wagon, and include a police court room upstairs. The same old site will be used. It was at first thought that the old structure could be repaired, but it is in such a condition that it would be as expensive to repair it as it would to erect a new one, so it was thought best to build a new one. It is indeed a much needed want.

Breaks World's Amateur Record. Waltham, Mass., July 27.—At Waltham Athletic park last night Everett E. Ryan of Waltham rode a half-mile against time in :38 4-5, breaking the world's amateur record of :52 2-5.

SANTO DOMINGO'S PRESIDENT KILLED

HEUREAUX WAS THE VICTIM OF ENEMIES.

The Rumor of His Assassination Confirmed By a Dispatch Received at the State Department in Washington This Morning—Meager Details of the Crime.

Washington, July 27.—[Special]—The state department this morning received a dispatch from Santo Domingo confirming the report of President Heureaux's assassination.

Fort de France, Martinique, July 27.—Reports from Santo Domingo by way of Hayti say that Gen. Ulysses Heureaux, president of the Dominican republic, was assassinated by Ramon Caceres at Moca at 4:30 o'clock Wednesday afternoon.

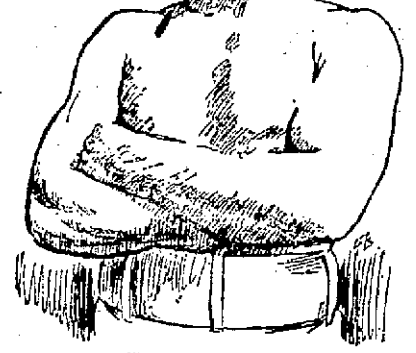

The murderer succeeded in making his escape, but an energetic pursuit was begun immediately, and it is probable that he will soon be captured.

The vice president, Gen. Wenceslao Figuero, immediately upon the announcement of the president's death, assumed the direction of affairs. At present calmness prevails everywhere in the republic.

SEND OFF FOR JEFFRIES

The Champion Pugilist Sails Today For Europe—To Visit All Principal Cities.

New York, July 27.—[Special]—Champion Pugilist Jeffries sailed for

JIM JEFFRIES.

Europe this morning. A rousing send off was given him as the boat moved out.

He will visit all the principal cities in Europe before his return in September.

TO BE ELECTROCUTED

Four Executions Scheduled to Occur in New York State Next Month.

New York, July 27.—[Special]—Four executions by electricity are scheduled to occur in this state next week; two at Sing Sing and two at Auburn.

Louis Fullerson, colored, who killed his mistress; Michael McDonald, slayer of Lewis Titus, his employer, and John Kennedy and Oscar Rice are the men to be electrocuted.

TO STRIKE SATURDAY

Cincinnati Street Car Men Threaten To Quit if Demands Are Not Acceded To.

Cincinnati, July 27.—[Special]—Cincinnati street car employees are becoming restless, and a strike is threatened.

The men want twenty cents an hour and ten hours a day.

It has been decided to strike next Saturday if those demands are not acceded to.

COMMANDER GARST VISITS AT KENOSHA

TELLS OF CAPTURE OF SPANISH SHIPS BY TERROR.

Engineer Wolf, of the McMillan Logging Road at Marshfield Runs Over His Own Child—Two Kewaunee Boys Drowned While Bathing—State News.

Kenosha, Wis., July 27.—Commander Perry Garst, formerly of the monitor Terror, was in Kenosha this week and visited his nephew, Clifton Garst. In describing the capture of the Spanish vessel Guido by the Terror, Commander Garst said: "The captain of the vessel was an old friend of mine and I had met him frequently on shore. When our ship overtook him he quickly surrendered. On our telling him that we had been declared by the United States against Spain, he remarked: 'Well, then, one fight will settle the thing. Spain has not a chance against your navy.'"

Capt. Garst will return to Annapolis at the end of a short vacation. He teaches mathematics and astronomy in the naval academy.

Delavan Lake Assembly.

Delavan, Wis., July 27.—The Delavan Lake assembly opened yesterday with a large attendance. The dedicatory exercises were held in the new auditorium this morning and in the afternoon Mrs. Maud Ballington Booth delivered her lecture on "The Prison Work of the Volunteers." The assembly will continue for twelve days. Congressman Deliver will be the principal attraction Friday.

Siefert Inquest Begun.

Green Bay, Wis., July 27.—The coroner's inquest of the death of John Siefert was started yesterday and after receiving testimony an adjournment until 10 o'clock Monday morning was taken to afford the authorities further time in which to investigate the case. The testimony taken related to the manner in which Siefert passed the day and early evening before his body was found in Fox river and little incidents of that day, but threw no light on the mystery surrounding his death.

Child Fatally Burned.

Racine, Wis., July 27.—Edith Rolley, aged four years, was fatally burned last night. She was playing in the yard with other children and her clothing caught from a bonfire. Attending physicians say she cannot live. The child came from Beardstown, Ill., with her mother a few days ago and they were stopping with Dr. Simmons.

Attacked By Tramps.

Manitowoc, Wis., July 27.—August Kujawsky, a saloonkeeper, was stabbed several times at his saloon last night by three tramps who entered the place and demanded money. In order to pacify them he offered them drinks claiming he had no money. After getting the drinks they assaulted him. He was stabbed three times, but he will recover. One of the tramps was arrested. He gives his name as George Crook. He was brought before Judge Craite this afternoon and pleaded not guilty, his hearing being adjourned until Aug. 1.

Ran Over His Own Son.

Marshfield, Wis., July 27.—Alvin Wolf, engineer of the B. F. McMillan logging engine, ran over his three-year-old son, yesterday morning at 10 o'clock, severing both arms and one leg. The engine was pushing several cars ahead of it. The child lived only a few hours.

Two Boys Drowned.

Kewaunee, Wis., July 27.—Two sons of Henry German, aged nine and eleven years, were drowned while bathing in the river yesterday. The bodies have not been recovered.

Had Lost All His Property.

Racine, Wis., July 27.—The suicide of Capt. Charles Troy Tuesday night was a shock to the entire city. On account of his usual jovial disposition his friends could hardly believe that he had taken his life. It developed that he had lost most of his property and his health was badly shattered and that he had often said of late that he would not live long and that he would shoot himself. The verdict of the jury was suicide by his own hand. The time of his funeral has not been announced.

For Next Year's Chautauqua.

Madison, Wis., July 27.—There have registered thus far at the Chautauqua headquarters six ladies for the next year's course. Their names are Mrs. A. W. Gile, Mrs. S. J. Askew, Misses Justine Waterman, Eleanor Henry, Katharine Graig, all of Madison, and Mrs. Orelia Salisbury, of Oregon.

DEWEY TO VISIT HAVRE

The Journal du Havre Says the Admiral Will Visit That Port on Return.

Havre, France, July 27.—[Special]—The Journal du Havre says that Admiral Dewey will visit this port on his way to the United States.

Tragedy at Denmark, Ind.

Brazil, Ind., July 27.—At Denmark, a little station twenty miles south of here, Charles Wolfangel chopped his wife and two daughters to death, then cut his own throat and died on the floor by his wife's bedside. He is thought to have been insane.

GENERAL HALL HAS CAPTURED CALAMBA

LOCATED ON SOUTH SHORE OF LAGUNA DE BAY.

Meets With Success Today, After Some Sharp Fighting—Town Was the Headquarters For Gen. Malbar and Center of the Insurgent Telegraph System.

Manila, July 27.—[Special]—Gen. Hall captured Calamba on the south shore of Laguna de Bay today after some sharp fighting.

The American loss was four killed and eleven wounded.

The town was the headquarters for Gen. Malbar and was the center of the insurgent telegraph system in southern Luzon.

Four hundred Washington volunteers under Major Wetzenberger and a battery of the First Artillery left Pasig yesterday morning in canoes and launches, joining four hundred and fifty regulars from the Twenty-First Infantry under Captain Ellenhead and one hundred and fifty-four cavalrymen under Captain McGrath, from Morong.

The expedition was conveyed by the army gunboats Mapidan and Oeste to a point off south Talim Island. It was four o'clock in the afternoon when the troops arrived off Calamba.

The regulars led the way, the men of the Twenty-First and Fourth Cavalry wading in water neck deep to the north end of town.

The insurgents lay quiet in their works until all the men had landed. They then opened a brisk fire on the advancing Americans, but were quickly driven from their first position.

The Twenty-First meantime made its way through the swamps to flank the enemy on the right, while the Washington volunteers under cover of the Napidan's six-pounders and gatlings, landed on the south of the town, but not rapidly enough to prevent a portion of the enemy from escaping.

The fighting continued for three hours, and after their retreat it was found that the rebels had removed their killed and wounded.

About three hundred men defended the town against the attack of the Americans.

The expedition was a complete surprise to the enemy and the first intimation they had of the movement was when the fortilla appeared. The place will be permanently garrisoned.

Lieut. Latson, commanding the Napidan, discovered and seized the only remaining insurgent gunboat on the lake. The vessel was deserted and the guns gone, but otherwise she was in good shape.

Gen. Lawton and Prof. Worcester witnessed the engagement from a launch. Several times they were under a heavy fire, but escaped uninjured.

This morning Gen. Lawton visited Las Benas, a natural hot spring, two miles west of Calamba, which has been deserted by the insurgents. The place had been formerly utilized by the Spaniards as a hospital for convalescents. Lawton recommends a similar use of the place.

Prof. Worcester remained in Calamba today doing missionary work among the inhabitants, explaining to them the intentions of the American government toward the Filipinos.

Return of Insurgents.

Manila, July 27.—[Special]—The insurgents returned this afternoon and furiously attacked the American outposts that had been established at Calamba.

Several companies of the Twenty-First regulars and the Washington volunteers sallied out of town and again drove them to the hills after a brisk fight.

SEE NO VATICAN FRUIT

Pope Refuses Request to Exhibit Product at the Paris Exposition.

Rome, July 27.—[Special]—The pope has refused the request that the product of the vatican vineyard be exhibited at the Paris exposition.

New York Tailors Out.

PREPARED TO SHIP AN ARMY.

Similar, July 27.—It has transpired that the imperial government had regarded war with the Transvaal as being so imminent that just prior to the recent amelioration of the situation it arranged with the Indian government to dispatch 10,000 troops to South Africa on the briefest notice.

Ada Gray, the Actress, Dying.

New York, July 27.—Mrs. Ada Gray Tingay, the actress, better known as Ada Gray, is seriously ill in this city, having just undergone an operation for removal of cancer. Miss Gray is well known all over the United States, particularly in the west.

BALTIMORE WOMAN'S ARREST IN ENGLAND

IT WAS MRS. PEROT, ABDUCTRESS OF HER OWN CHILD.

Made Captive By Officers Upon Arrival at Liverpool on a Steamer From Her Home—Was Accompanied By Capt. Blood, Brother of Lady Colin Campbell.

Liverpool, July 27.—[Special]—Mrs. Letitia Perot, the alleged abductress of her own child, was arrested here this morning upon her arrival, on a steamer from Baltimore.

She was accompanied here by Captain Blood, a brother of Lady Colin Campbell, and child.

Mrs. Perot and Captain Blood registered at the hotel as man and wife. The child was taken from their custody in Baltimore, in whose custody it was placed when Mrs. Perot secured her divorce.

Mrs. Perot was a famous Baltimore beauty, when she married Perot, who is a wealthy Englishman.

CUBA CROPS ARE GOOD

Agricultural Reports Received at Havana Are Favorable—Lack of Rain in Some Localities.

Havana, July 27.—[Special]—Agricultural reports from all parts of Cuba are favorable, though in some states some of the crops suffered from a lack of rain, though the rainy season is now on.

This is said to be the driest wet season in many years.

MERRIMAC CREW SAVED

Officers and Men of the Steamship Rescued By the Savoy—Severe Storm In Progress.

Quebec, July 27.—[Special]—Forty-eight officers and men of the steamship Merrimac, which is now lying on the rocks off Gulf Bay have been rescued by the steamer Savoy.

A severe storm was in progress and there were grave fears that all on board would be lost.

WANT TO BE ADOPTED

Natives of the Island Kusale, in the Carolines, Wish To Be Annexed.

San Francisco, July 27.—[Special]—Private advices received here say that the natives of the Island of Kusale, in the Carolines, want to be annexed to the United States.

The king and several of the chiefs, it is stated, have forwarded a petition to that effect to the United States.

FOUR TO BE EXECUTED

Bryan, Gardner, James and Myers Pay the Death Penalty at Baltimore Tomorrow.

Baltimore, July 27.—[Special]—The execution of Bryan, Gardner, James and Myers will take place tomorrow morning on one scaffold.

The doomed men are being carefully watched. All except Gardner show signs of collapse.

DEMISE OF FAMOUS ADOLPH LUETGERT

The Question is, Was it Suicide?

DIED SUDDENLY THIS MORNING IN JOLIET PRISON.

Reported That Heart Disease Was the Cause of His Death, While Another Story is to the Effect That He Ended His Own Life—Found By the Guards in a Dying Condition and Expired Before Medical Aid Could Be Summoned.

Joliet, July 26.—[Special]—Adolph Luetgert, the famous Chicago wife murderer, died suddenly in his cell at the penitentiary here this morning.

It is reported that heart disease was the cause of his death.

He was found by the guards in a dying condition and expired before medical aid could be summoned. Another report says that the prisoner committed suicide.

A. L. LUETGERT.

Luetgert's trial was one of the most sensational ever heard in Chicago or the United States.

He was convicted of killing his wife in his sausage factory and boiling her body in a powerful solution of potash to remove all traces of his crime.

A few bones, teeth and a corset steel and strands of hair were the only portions of the body of the supposed murdered woman that were found, and it was upon those mute evidences of the alleged crime that Luetgert's conviction was principally secured.

His first trial resulted in a disagreement and he was sentenced to life imprisonment on the second.

This sentence was imposed with one faint shadow of hope that the missing wife might some day return.

STOOD JOURNEY WELL

President McKinley and Wife Arrived At Plattsburg, N. Y., This Morning.

Plattsburg, N. Y., July 27.—[Special]—President McKinley and wife arrived at the Hotel Chaplain this morning.

Mrs. McKinley, while pale and tired, stood the journey well.

HIS BODY IS REMOVED

Remains of Ingersoll Taken From Dobb's Ferry to Fresh Pond Cemetery Today.

New York, July 27.—[Special]—The body of the late Robert G. Ingersoll was removed from Dobb's Ferry to Fresh Pond cemetery, this morning.

All quiet in Clay County.

Barboursville, Ky., July 27.—State Inspector Lester left here Wednesday for Frankfort, to report to Gov. Bradley the exact situation in Clay county. He says the trouble in Clay has been greatly exaggerated, and in his opinion there will not be further trouble of a serious nature between the Whites and Bakers or their factions.

LARGE WAREHOUSE FOR CLINTON SOON

WELL KNOWN SEEDSMAN
PLANNING TO BUILD.

Structure Will Be 48x112 and Consist of Three Stories and a Basement—Rapidly Increasing Business Necessitates More Room—To Hold Harvest Festival and Street Fair.

Clinton, July 27.—L. L. Olds, Clinton's well-known seedsmen, is planning the erection of a large seed warehouse, to occupy a site between J. Irish's feed warehouse and the C. & N. W. stock yards. The building will be 48x112 feet and consist of three stories and a basement. Mr. Olds' rapidly increasing business makes it necessary for him to have more room and better facilities for handling and shipping his stock. His total sales the past year amounted to nearly \$20,000.

A Harvest Festival and Street Fair will be held in Clinton on Thursday, August 24th. Elaborate preparations are being made for a first class celebration and a rousing good time. From present indications it will be the biggest day Clinton ever saw. There will be no end of attractions, which will continue through the day and until late at night. The program is mapped out as follows:

8:30 a. m.—Ball Game, Clinton vs. Milton.
9:30 a. m.—Athletic Parade.
11:30 a. m.—Athletic Sports.
1:30 p. m.—Vandeville Entertainment.
2:30 p. m.—Ball Game.
3:30 p. m.—Ball Game. Fine Game.
6:00 p. m.—Vandeville Entertainment.
8:30 p. m.—Masked Parade.
Music by Clinton Cornet Band all day and evening. Main street will be brilliantly illuminated at night.

At a meeting of the Clinton Driving Park Association held Monday evening, it was decided to have the races on Tuesday, August 8. A lot of fine horses will be here and all lovers of fast horses should not fail to attend. The removal of the stock yards is under consideration by the Chicago & Northwestern officials. They are thinking of locating them on what is known as the "patch" just west of the depot and between the tracks of the two railroad lines. George Rogers has been putting in a couple of weeks at canvassing lately. J. K. Conley went to Chicago on Monday for the purpose of having a surgical operation performed at the hospital. He will be obliged to remain several weeks. His father accompanied him. Mr. and Mrs. Joseph Gates and Miss Anna Smith were also Monona lake visitors from here last week. Mr. and Mrs. W. S. Northway visited Beloit friends Sunday. J. C. Church and family of Chicago are in camp at Delavan lake. Ed. Stewart is able to be out again after a severe rheumatic attack. A. L. Woodward and William Stone attended the Freeport races. Miss Lelia Ames is at home resting for a couple of weeks from her duties at J. M. Bostwick & Sons. Oscar Woodward was here briefly one day last week. Miss Verne Church of Chicago, is the guest of friends here.

George Anderson, A. Woodward and son Dan were at Monona, last week. Among others who will be found at the Delavan assembly this week are O. Harden, Martha Klingbille and sister, Mattie Watts, Albia Poltz, Helen Terwilliger, Eva Lautz, and Miss Lautz. Mrs. Calvin Johnson's sister and children have returned to their home in Tennessee. Miss Letta Baldwin is spending her vacation with her parents here. C. Maxworthy has purchased P. Roth's farm, in the town of Turtle. Misses Mina, Jennie and Rena Gilbert are spending the week at Delavan lake. Lewis Kidder of Peatonica, is visiting friends here. Miss Minnie Dooley is spending several weeks with Chicago friends. Miss Hattie Reimer will be retained as teacher in the Murray district. Rev. T. J. Parsons will be home from his vacation and occupy his pulpit in the Baptist church, next Sunday morning.

Rock River, July 27.—Rev. George B. Shaw will preach at the Christian Endeavor meeting at this place next Sabbath evening. Frank Tarpley, of Milton, attended church here last Sabbath. Mrs. Amy Wells of Milton, is sewing for Kittie Vincent this week. Frank Burnham returned from his Minnesota trip Tuesday. He bought a farm while there. Mrs. Joseph Fassett visited in Albion, Sunday. Grant Buchholz was a caller at E. D. Vincent's one day this week. Maud Rose, Ina Pierce, Belle Vincent, Inez Brightman and Grace Pierce attended the Christian Endeavor meeting at Milton last Sabbath afternoon. Several from this vicinity had a steamboat ride around the lake last Sunday. John Stillman, of Albion, was a guest at his sister's, Mrs. Harriet Crandall, last week.

Delavan Lake Assembly Excursion Rates
The Chicago, Milwaukee & St. Paul Railway will sell excursion tickets to Delavan and return at a fare and a third from July 25th to August 6th inclusive. Good for return until and including August 7th on account of Delavan Lake assembly.

"BICYCLE FOOT" THE LATEST

Danger to Women Riders Who Wear Thin-Soled Shoes.

Women bicycle riders of Janesville, beware! The bicycle foot is a new disease that has been developed by women riders this summer. Its surgical name is traumatic flat-foot, and it is caused by wearing the thin-soled, French-heeled boots, which are fashionable for wheeling this season, and also from careless or incorrect dismounting.

An eastern paper in speaking of traumatic flat-foot, says: "As a rule, women do not know how to jump. They have not learned, and seem to be without the instinct which men possess to land on their feet with a spring, bending the knees and escaping the jolt which follows if the knees are kept rigid. As a consequence, most women get a headache from jumping, and the bicycle women, who give slight attention to the way they get off their wheels, get the bicycle foot. They alight on the hard pavement with unnecessary energy. The force of the blow strains the tendons to such a degree that the proper arch of the foot is lost. It is done at once, but the foot is sometimes months in getting out of shape. The ligaments are gradually stretched until they cease to hold up the arch. Thin-soled boots increase the trouble. They afford too little support for the curved instep and do not protect the ball from the concussion. Physicians recommend only calfskin boots with low heels and heavy soles for wheeling. The high heels irritate the nerves of the foot and cause an additional shock, as the heel reaches the ground at the same moment as the ball, which is not the case when the foot is in normal position."

"Traumatic flatfoot is so called in distinction from congenital flatfoot. It is frequently treated as rheumatism, which it somewhat resembles. Inflammation of the muscles is one of the results of sagging ligaments. The delicate bones, thus relieved of their natural support, press upon the nerves, causing intense pain."

"The treatment for bicycle foot is prolonged rest and an artificial arch. The X rays show whether the bones are displaced. If they are, a plaster cast of the foot is made, and from this the manufacturers of surgical instruments construct a steel brace to fit the instep. This is placed inside a thick-soled boot, and must be worn until the strained tendons become strong and assume their natural place."

"Men are seldom afflicted with bicycle foot, for the reason that they are more generally careful in the matters of footwear and in dismounting."

WEATHER AND CROP BULLETIN

Good Yield of Corn and Potatoes Promised—Oats Badly Lodged

The average temperature for the week was about normal and slightly higher than the week preceding. The week opened cool but the temperature rose steadily, reaching ninety at many points in the central counties by Wednesday and Thursday.

Very heavy rains, occurred at a few points in the central and eastern portion of the state, Amherst, Portage county, reporting nearly three inches of which fell on the 19th. Light showers occurred over the southern section early in the week. The moisture in the soil is generally sufficient for present needs.

Corn has made excellent growth during the week. The plant is generally strong, healthy, of good color, and gives promise of a good crop. There is still some complaint of weeds, especially where planted with the drill.

Winter wheat and rye are nearly all in the shock. These crops are all considered good.

Oats and barley are being harvested. Oats are badly lodged and a considerable loss will result. Barley is generally good, the heads are well filled, but the reports indicate some discoloration.

Farmers took advantage of the fair weather during the latter part of the week to finish haying, and a large portion of the crop was cut and secured in good condition. Some hay, cut the previous week, was damaged by the rains. Some hay on low land remains to be cut.

Potatoes have made good growth during the week and promise a good crop.

WAS FREEPORT'S FIRST GAME

They Expected to Be Defeated, Says the Journal of That City.

The following is what the Freeport Journal of last Tuesday evening said of their strong (?) organization that played the local Y. M. C. A. team that day: "The Freeport Y. M. C. A. baseball team went to Janesville this morning to play the Y. M. C. A. team of that city, which is regarded as one of the strongest teams in the state of Wisconsin, and as it is the Freeport team's first game, they naturally expected to be beaten."

This removes all doubt of, this team being the one that won honors in capturing three games from the Chicago Unions, and makes it clear that Secretary Kline was the victim of deceptive means in order to secure a game. No return game will be played.

THE BUSINESS DIRECTORY

THERE are a number of hotels in the city, but only one Riverside Hotel. Every accommodation. Prices reasonable.

For plants, cut flowers, decorations, wedding and funeral work, sheaves of wheat call at Rentschler Bros., 214 South Main St.—Tel. 171, both lines.

We have a high grade rice that is a trifle discolored and on this account are putting it out at 5c a pound. Its quality is equal to the 8c per pound variety and is a bargain at 5c a pound. San born.

ENJOYABLE REUNION HELD AT STOUGHTON

NORWEGIAN PIONEERS HAVE A GOOD TIME.

Prof. Hendrickson, of the Nearby Village of Albion, Gives an Excellent Address on "The Best Mixture"—Norwegians of America and Kindred Subjects Discussed.

Yesterday was an ideal one for the Norwegian Pioneer Association picnic which was held at Stoughton. A stiff, refreshing breeze has kept the atmosphere all that could be desired. People began to assemble at Shady Side Park early in the day, and before noon it was estimated 4,000 were present.

C. J. Melnas, of Stoughton, president of the association, delivered the address of welcome, which was well received. The Rev. A. Bredeben acted as toastmaster. John Anderson, editor of the Scandinavian, responded on behalf of the Chicago visitors. "The Growing Influence of Norwegians in America" was the subject responded to by Ole Nelson, of Slater, Ia. The Glee Club gave a choice selection, and Prof. R. B. Anderson, of Madison, next discussed the subject, "The Pioneers of Koshkonong." Prof. Hendrickson, of Albion Academy, gave an excellent address on "The Best Mixture." He was heartily applauded, especially when he referred to down-trodden Finland under the Russian government. He eulogized the Finlanders, who, he said, are deserving of a much better fate.

O. N. Thorpe, of the Chicago Board of Trade, made appreciative remarks in behalf of the Chicago visitors. Prof. Julius E. Olson, of Madison, after a few introductory remarks gave several poems and dialects in the Norwegian language. Nisson P. Stenjem, also of Madison, made an eloquent address taking for his subject, "Not the Pioneer, But the Younger Norwegian." The Hon. O. C. Lee, of Stoughton, responded to "America." The program closed with farewell remarks by Prof. Kasberg of the Stoughton academy. The exercises were interspersed with choice music by the Stoughton Cornet band.

Nothing but words of praise were heard on every hand from the visiting members at their warm reception and the royal way in which they have been entertained. The pure and sparkling water of old Kegonsa with her beautiful surroundings and the many pretty cottages which adorn her shores all came in for their share of praise. The entertainment from first to last was a perfect success.

THE BASEBALL REPORT.

Games Played Yesterday in the Two Leading Leagues.

Philadelphia, which has been losing pretty steadily, had no great trouble with Chicago yesterday. Brooklyn and St. Louis drew ahead by winning from Louisville and New York. Boston lost ground by doing no better than breaking even with Cincinnati. Pittsburgh captured a game from Washington, and is close up to Cincinnati, which is but five games behind Chicago. Yesterday's scores:

At Chicago—	
Philadelphia.....	2 0 0 0 2 0 3 0-7
Chicago.....	1 0 0 0 0 3 1 0-5
At St. Louis—	
St. Louis.....	1 2 0 0 0 0 0 1-4
New York.....	2 0 0 0 1 0 0 0-3
At Cincinnati—	
Boston.....	1 3 0 2 0 3 0 0-9
Cincinnati.....	3 0 2 0 0 0 0 0-5
Second game—	
Cincinnati.....	0 1 0 0 0 0 0 1-2
Boston.....	1 0 0 0 0 0 0 0-1
At Louisville—	
Brooklyn.....	0 2 0 1 0 0 0 0-3
Louisville.....	0 1 0 1 0 0 0 0-2
At Pittsburgh—	
Pittsburgh.....	1 0 2 0 1 2 2 *8
Washington.....	0 0 0 0 0 0 0 1-1

Western League.

At Buffalo—Buffalo, 3; Kansas City, 1.
At Grand Rapids—Milwaukee, 4; Grand Rapids, 1.

At Indianapolis—Indianapolis, 8; St. Paul, 1.

At Detroit—Minneapolis, 8; Detroit, 7.

White on Arbitration Plan.

London, July 27.—The Times prints an interview had by its correspondent at The Hague with Ambassador White, the head of the American delegation to the peace conference. Mr. White predicts that the arbitration treaty will be serviceable from the outset, and that it will be the germ from which a more complete system will be evolved by future conferences. He says that public opinion in any nation that is drifting toward war will generally see in the arbitration tribunal means of escape, and will insist that the questions at issue be referred to it.

Knoles Out New Medical Law.

Des Moines, Iowa, July 27.—Judge Gamble of Marion county holds that the medical practice act of this state is unconstitutional. He says it creates two classes of physicians, those who have practiced without a license for five years and those who have not, the law authorizing the practice of medicine by the former and prohibiting the latter. Atty-Gen. Remley says if one clause is defective it cannot invalidate the whole law as held in this case.

Czarowitz Is Buried.

St. Petersburg, July 27.—The body of the czarowitz was interred in the cathedral of SS. Peter and Paul Wednesday in the presence of the czar, the dowager empress and other members of the imperial family and Prince Waldemar of Denmark.

MAYOR AND CITY DADS' TRIP

Investigate Fire Protection at the Chouteau-Hollister Plant.

At the meeting of the common council last Monday evening, John Thoroughgood, president of the Chouteau-Hollister Furniture company, presented a communication requesting the city to give them an adequate fire protection.

In compliance with said request, Mayor Richardson, the members of the fire and water committee and some of the other aldermen visited Spring Brook addition. The fire engine was taken along and a test was made by throwing water from the drive well on McKee boulevard. It was found that the well was not near enough to the plant.

The fire and water committee will make their report at the next meeting of the common council.

THEY CALL ON LOCAL TALENT

Red Hot Game Between Milton and Sharon Next Monday.

A red hot rivalry exists between the base ball teams of Milton and Sharon, and they will battle for supremacy on Monday next. Sharon has engaged Adkins and McMasters to play the points for them and with their team thus strengthened, they are expected to land the championship. The outcome will be watched with interest.

EVENTS FOR THIS EVENING

WEEKLY prayer meetings at the several Evangelical churches.

JANESVILLE Commandery No. 2, Knights Templar, at Masonic hall.

ROYAL Neighbors' picnic continues at Crystal Springs park.

Powder Fired at 400 Yards.

London, July 27.—Experiments in the ether-wave system of transmitting electricity were conducted at Newbury Wednesday. A small powder magazine, located 400 yards from the sending point, was electrically exploded without the use of wires. The experiments demonstrated the feasibility of using the system for destroying forts, ships and mines in war.

German Town Suffers by Fire.

Berlin, July 27.—A great fire raged Wednesday at Marienburg, in west Prussia. Fifty houses were destroyed. The fire brigades from Dantzig and Elbing were summoned to assist in subduing the fire. At a late hour the fire was got under control and eventually extinguished. The damage will amount to several millions of marks.

Williams Goes to See Jones.

New York, July 27.—George Fred Williams, the democratic leader of Massachusetts, is on his way to Europe. He sailed on Tuesday, shortly after his return from Chicago. Mr. Williams is an avowed candidate for the vice presidency. It is announced that he is to have a conference with Senator Jones.

Will Confer with Bryan.

Madison, Wis., July 27.—The free silver democratic leaders of Wisconsin will hold a conference with W. J. Bryan here next Monday, when he lectures before the Monona Lake assembly. The purpose of the meeting is to make arrangements for a Bryan state delegation to the national convention next summer.

"Winter Finds Out What Summer Lays By."

Be it spring, summer, autumn or winter, someone in the family is "under the weather" from trouble originating in impure blood or irritated condition of the system.

All these, of whatever name, can be cured by the great blood purifier, Hood's Sarsaparilla. It never disappoints.

Acne—I am past 64 and my old health is due to Hood's Sarsaparilla and Hood's Pills, which purified my blood and healed the ugly abscesses that troubled me." Mrs. BRITTON C. ESTELL, Southard, N.J.

Dyspepsia—"My husband doctored a long time for dyspepsia with only temporary relief. The first bottle of Hood's Sarsaparilla helped and the second cured him. It cured my sick headaches." Mrs. MARY A. CLARK, Wilmington, Vt.

Hood's Sarsaparilla
"Never Disappoints"

Hood's Pills cure liver ills; the non-drugging and only cathartic to take with Hood's Sarsaparilla.

build the house
around the
bath room.

SOME PEOPLE say. The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

That Double System of Plumbing....

we are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and lavatory purposes and with the turning of a valve you can run city water through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

REGRET EXPRESSED TO ITALY.

President's Note Regarding the Lawlessness in Louisiana.

Rome, July 27.—The government has instructed the Italian embassy at Washington to make an independent inquiry into the recent lynching of Italians in Louisiana.

An official communication says United States Secretary of State John Hay has instructed the American embassy to assure the government of Italy that the United States will adopt every legal measure warranted by the facts to insure justice in the Tallulah affair. The communication adds that Secretary Hay has expressed to the Italian charge d'affaires at Washington the regret of President McKinley for the deplorable occurrences.

Secretary Hildings of the United States embassy handed to the Marquis Visconti Venosta President McKinley's note, expressing regret at the lynching of Italians at Tallulah, and promising that justice should be done.

Calls America Uncivilized.

Berlin, July 27.—The Lokal Anzeiger, which never overlooks an opportunity to make spiteful remarks about America and England, commenting upon the Tallulah and Hazleton affairs, says: "Washington concerns itself little about its international obligations. Every civilized state recognizes justice and humanity toward negroes, which in America is almost unknown, and negroes are treated like pariahs. Crimes against them are rarely punished, and a white man guilty of crime against morality, easily throws suspicion upon some negro, who is immediately lynched."

Want the Dams Cut Out.

Whitehall, Ill., July 27.—Strong demands will be made upon Gov. Tanner and President McKinley by the residents of the Illinois valley district for the removal of the federal dams at Kampsville and La Grange before the water from Lake Michigan and the sewage from the Chicago river are turned into the Illinois channel. This was the sense of the convention of valley interests held Wednesday, when 4,000 people assembled in the schoolhouse park and heard the matter discussed by congressmen, judges, legislators, farmers and business men of the valley district.

Cuts Estimate on Gold Yield.

Washington, July 27.—Information from the Klondike up to June 20 has reached the state department from United States Consul McCook at Dawson. The consul says that \$10,000,000, instead of \$20,000,000, in gold will cover the product for the last twelve months. He adds that reports from Alaska indicate that more gold will be found there than ever will come out of the Klondike.

Receiver for Germania Bank.

St. Paul, Minn., July 27.—Gustave Willius, president of the recently closed Germania bank, has been appointed receiver at the instance of the public examiner, who states that the assets will pay all claims in full.

Lemieux Promises a Sensation.

Montreal, Que., July 27.—Chief Accountant Lemieux of the Ville Marie bank, who was arrested Tuesday night, pleaded not guilty. In jail he said to several detectives and friends that he would make sensational statements.

ROYAL NEIGHBORS PICNIC

Enjoying Today At Crystal Springs Park—Many There.

The members of Crystal Camp No. 38, Royal Neighbors of America and friends have been enjoying themselves at Crystal Springs park today. The first boat for the scene of the day's festivities left the dock this morning well filled with picnickers, who went supplied with all the good things imaginable to eat. The second boat left at 2 o'clock this afternoon, and that, too, was well-filled with merry makers and boats plied the river every hour thereafter to accommodate the crowds.

Games of various kinds, cake walks and dancing have been indulged in during the afternoon and will be continued this evening. The affair is proving a great success and all are enjoying the day immensely.

JESSIE CROFT WAS HOSTESS

Entertained Members of Sunflower Club Last Evening.

Miss Jessie Croft entertained the members of the Sunflower club at her home, 116 Lincoln street last evening. The decorations were emblematic of the club and the young ladies wore the chosen flower. Refreshments consisting of ice cream, cake and wafers were served and games of various kinds were indulged in to help while away the time, which passed only too quickly. Following are those present:

Leo Westlake, Edger, Jessy London, Lulu Lund, Edger, Jessie Croft, Leah Stewart, Edger, Annie Collins, ton.

Special Low Rates to Pittsburg and Boston.

A., Cleveland.

MEASURING LIGHTNING.

How Humboldt Struck on the Fulgurite Idea.

It is not generally known that many flashes of lightning not only measure themselves but actually manufacture the recorder by which they are defused. When a bolt of lightning strikes a bed of sand it plunges downward into the sand for a distance less or greater, transforming simultaneously into glass the silica in the material through which it passes. Thus, by its great heat, it forms a glass tube of precisely its own size. Now and then such a tube known as "fulgurite" is found and dug up. Fulgurites have been followed into the sand by excavation for nearly 30 feet. They vary in interior diameter from the size of a quill to three inches or more, according to the "bore" of the flash. Fulgurites are found also in solid rock, though very naturally of slight depth, and frequently existing merely as a thin, glassy coating on the surface. Such fulgurites occur in astonishing abundance on the summit of Little Ararat in Armenia. The rock is soft and so porous that blocks a foot long can be obtained, perforated in all directions by little tubes filled with bottle-green glass formed from the fused rock. There is a small specimen in the national museum which has the appearance of having been bored by the terebra, and the holes made by the worm subsequently filled with glass. Some wonderful fulgurites were found by Humboldt, on the high Nevada de Toluca, in Mexico. Masses of rock were covered with a thin layer of green glass. Its peculiar shimmer in the sun led Humboldt to ascend the precipitous peak, at the risk of his life.

Corundum Versus Steel.

Within a few years past the use of corundum has greatly increased, partly as a result of the discovery of corundum deposits in North Carolina and Georgia. More lately it has been found in Ontario. Originally corundum was derived almost exclusively from India. Ranking next to the diamond in hardness it has long been employed for grinding gems and other hard materials. At present the use of "corundum wheels" is spreading. These wheels are composed of corundum grains firmly cemented together, and are said to be twice as effective and durable as emery wheels. They are employed instead of steel files for cutting down metal surfaces, and in place of grindstones for sharpening tools. A corundum wheel, it is averred, will grind off a pound of iron in one-eighth of the time and at one-seventh of the cost required to do the same work with a file.

Christening Gifts.

Silver mugs are still in high favor as christening gifts, but a newer and better idea consists of giving the little girl half a dozen (more or less, according to taste and condition of the pocketbook involved) of sterling silver spoons. Every year some one will add to those spoons, and when the child is a child no longer, but a woman, she will never know the agony of not having enough spoons "to go round." Silver, china, and hand-painted porringers and bread and milk bowls are also considered useful and tasteful christening gifts.

Long Before the Wedding.

"The bride, I understand, will not come down the aisle on her father's arm." "No, papa's arm now takes a rest. But there is something funny in your suggestion." "How so?" "Why, they say that when the bridegroom asked papa for the bride he left the house on papa's foot."

"Mary, how do you like the Ivory Soap?"

"Best we have ever had, ma'am. The starched clothes are whiter and the flannels are softer than when washed with common soaps. It saves my hands; they used to be very sore after a wash."

"Well, Mary, I am told that it saves the clothes, too, and you shall have only Ivory Soap after this."

Those who have tried both common soap and Ivory Soap, say that it takes only two-thirds as much of the Ivory for a wash.

COPYRIGHT 1898 BY THE PROCTER & GAMBLE CO. CINCINNATI

A Great Planet on Exhibition.

There will be fine opportunities during the coming summer for amateurs in astronomy to view the planet Jupiter. In June Jupiter will be near the meridian, or noon line, about 9 o'clock in the evening, and no star will equal him in brilliancy. Even an opera glass will suffice to show one or more of his moons, when they are favorably situated, and a pocket telescope will occasionally show all four. An excellent opportunity of this kind will occur on the night of June 1, about 10:30 o'clock, eastern time, when two of the moons will be seen, one above the other, west of the planet, while the other two are strung out, at a greater distance, on the east side. The very next night, at the same hour, a most interesting arrangement of moons will be visible, for then all four will appear in a row east of the planet, standing in the order of their true distances from Jupiter, beginning with number one at the inner end of the row, and finishing with number four at the outer end.

Fast Running.

Of course a witness in court ought to tell the exact truth, but sometimes, as in this instance, he can convey a very clear impression without being quite definite. Attorney—You say you saw shots fired? Witness—Yes, sir. Attorney—How near were you to the scene of the affray? Witness—When the first shot was fired, ten feet from the shooter. Attorney—Ten feet; well, now, tell the court where you were when the second shot was fired. Witness—I didn't measure the distance. Attorney—Speaking approximately, how far should you say? Witness—Well, it approximated to half a mile.

Making Use of Sawdust.

American and Canadian sawmills have discovered that the sawdust which they have been perplexed how to rid themselves of as a worthless incumbrance is worth \$40 per ton. A chemist in Baltimore has invented a process of extracting gas from the sawdust adequate to supply a city like Ottawa with light and heat at 10 cents per 1,000 feet. This is thought to portend that around the great sawmills which have been emptying their dust into the Ottawa river a variety of new industries subsisting on it are likely to grow up.

An Ingenious Bridge.

A tram car line and a railway line both cross a river and cross one another in the town of Le Mans, France. In order to save expense the companies owning the two lines have constructed a peculiar bridge, which they use in common. It is shaped like the letter X, and the lines cross one another in the middle of the bridge. If they had crossed on land two separate bridges would have been needed. By building the double bridge the cost was reduced more than one-fourth.

American Marine Second.

London, July 27.—Lloyd's register of shipping gives the entire mercantile fleet of the world as 23,130 steamers and sailing vessels, with a total tonnage of 27,673,528, of which 39 per cent are British. The Americans come next, with 2,610 vessels, with a total tonnage of 2,465,387.

Enjoyment of life depends largely upon your liver. Rocky Mountain Tea will make a new one. Great medicine. Makes healthy babies. Smith's pharmacy, kodak agents.

Excursion Tickets to the Great American Exposition, to be held at Omaha, Neb., until October 31, 1899.

Via the Northwestern Line, will be sold at reduced rates, from certain stations on specified dates. For rates, dates of sale and limits of tickets apply to agents Chicago & Northwestern Railway.

THIS DAY IN HISTORY.
1675—Turenne, famous French marshal, was killed near Salzbach, in Alsace.
1776—Thomas Campbell, poet, born; died 1844.
1862—The American steamer Golden Gate, plying between San Francisco and Panama, was burned at sea; 150 lives lost; \$1,400,000 in gold sunk.
1880—The laying of the French Atlantic cable was successfully completed amid great rejoicing.
1870—Mme. Marie Ratazzi, noted Italian actress, died at Florence.
1883—Montgomery Blair, postmaster general in Lincoln's cabinet and a very prominent Unionist, died at Silver Springs, Md.; born there 1813.
1892—Intense heat through the United States; many fatal sunstrokes.

A BOOM IN TRADE
The Chicago Times-Herald gives the following figures to show the prosperity that the United States has enjoyed during the year:

United States Foreign Trade		
	Exports.	Imports.
1873.....	\$ 322,000,000	\$642,000,000
1892.....	1,030,000,000	827,000,000
1899.....	1,227,000,000	897,000,000
Balance against the United States in 1873.....	\$120,000,000	
Balance in favor of the United States in 1892.....	203,000,000	
Balance in favor of the United States in 1899.....	530,000,000	
Balance of trade in favor of the United States for the last three years:		
1897.....	\$ 236,000,000	
1898.....	615,000,000	
1899.....	530,000,000	
Total.....	\$1,431,000,000	

Bank Clearings and Railroad Earnings
Statement for the first months of 1892 and 1899:
Average daily bank clearings at New York:
1892.....\$188,048,000
1899.....301,165,000
Total failures in business (liabilities):
1892.....\$ 62,273,680
1899.....42,050,933
Railroad earnings—100,000 miles—
1892.....\$441,450,025
1899.....487,312,234

These figures are a whole argument in themselves and nothing more need to be said. That the country is now more prosperous than it has ever been is clearly shown.

A fly so minute as to be almost invisible ran three inches in half a second, and was calculated to make no less than 500 stops in the time a healthy man would breathe once. A man with proportionate agility could run twenty-four miles in a minute.—Chicago Chronicle.

The Chicago Chronicle, being a democratic paper, naturally deserves to bring something forward that will dim the luster of the modest pudamuk's well earned laurels. The attempt, however, will fail.

We hope that Milwaukee will get the democratic national convention, and for this reason we trust that no one will get the impression that the Cream City bases her hopes solely on the fact that she makes more and better beer than any of the other cities. Some of the delegates may want something else—the Kentuckians for instance.

Ex-Mayor Grace, of New York, an influential democrat, says "I myself, within the past year, have changed my views completely, and I say to you that I am now convinced that the prosperity and stupendous growth of this country is due in no small measure to the principle which is at the bottom of the policy of protection."

Murat Halstead, the famous lecturer and journalist, does not like Aguinaldo. Mr. Halstead was in the Philippines during the late Spanish-American war. He conversed frequently with Admiral Dewey and also became acquainted with Aguinaldo. He says the Filipino chief is not a patriot, but that his course is inspired by greed.

Governor Tanner, of Illinois, is said to have violated the Colorado game law by killing a deer out of season. The governor should not be harshly condemned, however, as he has been in Chicago so much that he may have gotten the Chicago idea that game laws do not count.

A Michigan farmer netted \$80 per acre from the culture of sugar beets. There is a big profit in the crop, but as the sugar factories are expensive, it is not likely that Rock county farmers will be enabled to take advantage of the fact for some time.

And now they say there is no kissing bug. If this is the case, some people will never be able to explain the stories that have been told.

It now appears that the Janesville sewing machine plant that is to be used in the manufacture of automobiles is located at Elgin, Ill.

Four hundred Wisconsin people will form a colony in Cuba on the stock and co-operative plan.

The newspapers use one third of all the paper manufactured in the United States.

The Kiowa Indians in Kansas recently chose as "medicine man" the white widow of the previous incumbent of the office.

To Investigate Mysterious Tragedy.
Libertyville, Ill., July 27.—Coroner Knight will have the bodies of Mrs. Christian Voss and Mrs. George Krueger, her daughter, exhumed at Fairfield cemetery to satisfy a suspicion that Mrs. Krueger did not commit murder and suicide. That was the verdict of the coroner's jury after a hasty sitting of two hours nearly two weeks ago. Many friends of the dead woman believe that some other person than Mrs. Krueger fired the fatal shots.

Dewey May Change His Plans.
Trieste, July 27.—It is possible that, after all, the lynching of Italian subjects at Tallulah, La., may have some influence on Admiral Dewey's movements. He is now thinking of spending only a week in Naples, and then going to Leghorn, and perhaps Villefranche, before touching at Gibraltar. The Olympia will cross the Atlantic in ample time to be sure of entering New York harbor on the afternoon of Sept. 30.

Enough Said.
He—I always make it a point to profit by the mistakes of others. She—I got weary of George Brixton because he never seemed to know when to go home. He then bade her good-night.—Cleveland Leader.

Weighty.
He—Ah, Nellie, you used to call yourself "a silly little thing without any brains," but you have shown that you can discuss a weighty subject, too. She—Why, what have I said, Harold, to make you think that? He—You've been talking to me for the last half hour about those biscuits you made, and— But she was crying, so he stopped.

Telephone and Telegraph Mileage.
The London Engineer says the approximate mileage of the telegraph and telephone lines of the world is 2,029,893, and the miles of wire 8,254,004. Of telephone lines only there are 382,417 miles, involving the use of 3,202,950 miles of wire.

Old fashioned furniture is delightful but you can't get a woman to enthuse over old fashioned frocks.

WANTED, LOST, ETC.

WANTED—Two girls at the Hotel London.

FOUND—Society pin, bearing initials of order. Owner can receive by proving property and paying for this notice.

WANTED—An experienced knitter (either man or woman) to work on union suits on Lamb machines. One preferred who can take charge of all operations necessary to make a complete garment. Apply, stating experience and terms, to the Racine Knitting Co., Racine, Wis.

Every Person Should Take an Outing

One can do enough more work during the year if the week or two away from business and house cares is indulged in. You owe it to your health, and, as the old saying goes, "Live While You Live, for You Will Be a Long Time Dead." The first thought in connection with the picnic or Outing is the list of eatables. You cannot have a really enjoyable time unless you have plenty of good things. Your appetite is whetted and you eat more than you ever do at home. Our store is full of good things for picnickers. It is the acknowledged headquarters along these lines. This list will help you in making selections.

Bliss James to T. R. Burr, pt e 1/4 sec
28 city of Evansville. 1,300

NEATH THE SHADOW OF DEATH

Mrs. Emily L. Alvis.
Funeral services over the remains of
the late Mrs. Emily L. Alvis were held
from the home on Ringold street this
morning at 10 o'clock. The interment
was in the Edgerton cemetery, beside
her husband.
Her death was the result of cancer
and the infirmities of age. She cele-
brated her eighty-fifth birthday on the
thirteenth of the present month. She
was an old resident of Rock county, and
had made her home in Janesville for the
past seventeen years. She left no chil-
dren, but leaves a brother, Chester Mil-
ler of River Falls, Wis., and a sister,
Mrs. Rowe of Milton Junction.

High Price for a Famous Madstone.
The Loudoun madstone, which has
been famous in Virginia for over a
century for curing bites of animals,
and which was obtained from the In-
dians by Ferdinand Fred, in whose
family it has been ever since, has been
sold by decree of the court settling
the Fred estate and brought \$682.50,
which was paid by Dr. Turner, one of
the Fred heirs. Some of the encyclo-
pedias have a history of this stone,
which has long been considered a re-
markable one.

When People Cease to Grow.
Dr. W. W. Hastings, summarizing ob-
servations made in America and Eu-
rope, says that the regular growth of
children continues up to 16 years. From
16 to 17 growth is usually retarded. A
man does not fully attain his growth
until after the age of 25, and athletic
exercise extends the period of growth
to 30 years. Between the ages of 50
and 60 the size of the human body di-
minishes. Deprivation of food and hard
work interfere with bodily growth.

Valuable Discovery in Oregon.
Much interest is centered in the re-
cent discovery near Gladstone, Ore.,
of a substance closely resembling
kaolin. The specimens thus far tested
are of a lustrous, grayish appearance,
soft and surprisingly free from foreign
substances. When burned it turns to
a clear white, and this in connection
with other details strengthens the be-
lief that the clay is the same as that
used in making fine grades of porce-
lain.

On the Scent.
Granger (on visit to Washington,
D. C.)—Stranger, excuse me, but I
wonder get some seeds; kin yew tell
me whar the agricultural building is?
Local Wag—Agricultural building? Er—
oh, yes. That must be it right over
there; they call it Smith's Onion
Institute.

MENU FOR FRIDAY.

Gently scan your brother man,
Still gentler sister woman;
Though they may gang a kening wrang,
To step aside is human. —Burns.

BREAKFAST.

Portridge.
Browned Macaroni. Muffins.
Waton-Cress. Radishes.
Coffee. Fruit.

LUNCHEON.

Tomato Salad.
Rice. Walnuts. Marguerites.
Milk. Tea. Cheese.

DINNER.

Baked Bluefish. Mustard Sauce.
Cauliflower. Cucumber Salad.
Potatoes. Roquefort Cheese. Dishes.
Black Coffee.

MARGUERITES.—Two eggs (whites only),
one small cup of powdered sugar, one large
cup of any kind of nuts, or mixed nuts;
chop them very fine. Beat the eggs to a
stiff froth, beat in the sugar as for frosting,
then beat in the nuts, flavor to taste and
spread on this water crackers. Put in the
oven just long enough to brown.

ture. People's Drug Co.

Note our Julia Marlowe offer on page
4, for Friday and Saturday. Amos Reh-
berg & Co.

REMEMBER everything goes at this
great sale of H. Hoffmaster & Son's
sale. F. Winslow.

Good four car boat for sale cheap
with boat house. Apply J. A. Whitfin,
11 N. Franklin street.

Miss Sarah Venable will teach a sum-
mer school at 207 Pleasant street, com-
mencing August 1st, 1899.

THERE is much enjoyment in a good
cigar like the Buckeye and its 5c arti-
cle too. People's Drug Co.

THERE will be no experiment in buy-
ing a Buckeye cigar at 5c. They are
thoroughly good. People's Drug Co.

Those desiring lessons in algebra
will find an efficient teacher in Miss
Irene Bennett, 15 North Franklin street.

We sold lots of this great bargain
dress goods today and have lots left at
H. Hoffmaster & Son's sale. F. Wins-
low.

BUCKEYE cigars are new smokers full
of good tobacco, and worthy of a higher
price. We sell them at 5c. People's
Drug Co.

Old Dutch Java O. G. at 25c a pound
is interesting. Many coffee drinkers
say it is equal to the 30 and 35c goods.
Sanborn.

Wilson's black raspberries are selling
today at \$1.30 per case of 16 quarts.
They are the choicest variety grown.
Sanborn.

The name of A. J. Pearl, who donated
\$4.50 to the Kimball Mission, should
have been added to the report of do-
nors published yesterday.

From now until next week is the time
to get a new or second hand bicycle at a
great reduction. Must close out every
wheel. Come in and see them. F.
Randall, 7 S. Main street.

WANTED—Several young men and
boys to work in machine shop. Good
opportunity for the right men. Apply
by letter, stating age, etc., to Gisholt
Machine Co., Madison, Wis.

NATIONAL Blend coffee is a 30c arti-
cle, sells all over at this price. We re-
duce it to 20c per pound and know that
if you once try it you will always use
it. Sanborn.

Will those who are going to Phila-
delphia, for the G. A. R. encampment
and W. R. C. convention, please leave
their names with Mrs. Mary L. Wills.
By request of Dept. Pres.

Two members of the Whitelight club
have made their escape from the city
lock-up and left for parts unknown.
The door of their cell was left unlocked
and they escaped via the window. May
they never return.

ADVERTISING car No. 1, of the Ring-
ling Shows, arrived here last evening
over the Chicago & Northwestern road,
and the manipulators of the paste brush
started at an early hour this morning to
post the flashy posters.

A horse belonging to Wilcox & Son,
farm implement dealers, hitched to a
light wagon ran away on Milwaukee
street late yesterday afternoon. The
driver held on for dear life until both
tugs broke, when he was obliged to re-
linquish his hold. No damage to speak
of resulted.

The statement in Tuesday evening's
paper that the Rock County Telephone
Co. were building a toll line through
Rock county was misleading. The line
is being built by the Badger State Long
Distance Telephone Co. The Rock
County Telephone Co. will have the use
of the toll lines, however, through a con-
tract with the Badger State Company.

A SPECIAL train of twelve coaches
passed through Janesville last evening
about 8:30 o'clock. The excursionists
were Mineral Point people who were on
route home from Madison, where they
had passed the day viewing the sights
of the capital city. The train was in
charge of the superintendents of the M.
E., P. M. and Trinity Sunday schools of
Mineral Point.

The management of the Y. M. C. A.
base ball team received a letter today
from Connie Mack of the Milwaukee
League team, asking for a game here on
August 16. The Brewers are now play-
ing in the east and on their return
home would play our game here on the
above mentioned date. An answer will
be sent at once and there is not much
doubt but that some kind of terms will
be made. The fact that the circus will
be here on the next day should make no
difference as there are many who would
rather see the game than the show. It
is to be hoped that the arrangements
will be made.

FOUND WITH BULLET HOLE THROUGH HEAD

EVANSVILLE BOY KILLED YES-
TERDAY AFTERNOON.

Victim Was Eddie Richardson, a Six-
teen-Year-Old Lad—Variance of
Opinion as to the Cause—Verdict of
Accidental Killing—Local Accidents
Reported.

Evansville was agog yesterday after-
noon over the disappearance of Eddie
Richardson, the sixteen-year-old son of
Anthony Richardson, a colored barber
of that place.

Searching parties who had been
scouring the country tributary to that
place, were horrified at a late hour yes-
terday afternoon while passing through
the driving park to find the lifeless form
of the young lad, with a bullet hole
through his head. A revolver was
clenched in his hand.

There was a variance of opinion as to
the real cause of his death. Many were
of the opinion that it was a case of sui-
cide, while others expressed themselves
as believing that the death of young
Richardson was accidental.

A coroner's jury was impaneled and
returned a verdict that the death was
purely accidental.

We are unable to learn any further
details of the ending of the young life.
The parents were greatly attached to
their child and are nearly heart broken
over their loss.

Mrs. Ellen Riley Injured.

Mrs. Ellen Riley, widow of the late
Dominick Riley, of No. 2 Galena street,
was quite seriously injured last night.
Last Monday while Mrs. Riley was
shopping down town she suffered an at-
tack of sun stroke. While in pursuit of
her household duties last evening she
suddenly became dizzy and fell to the
floor striking her head on the corner of a
table. She fell with such force as to
cut quite a large gash in her scalp,
which was very painful and required
several stitches to sew up. The attend-
ing physician says the injuries are not
serious, however.

Frank Williams Hurt.

Frank Williams, who is employed by
the Rock River Cotton company, met
with an accident at the Howe Bros'
mill yesterday. A belt, about six inches
in width, broke in two, and one end of
the belt was twisted around Williams'
right arm just below the elbow. He
was thrown nearly across the room and
his arm was lacerated and he was other-
wise bruised. He was conveyed to his
home near the Hall furniture factory.
Although no bones were broken he will
be laid up for several days.

DAVID JEFFRIS CASE
FINALLY SETTLED

JUDGMENT AGAINST DRIVING
PARK ASSOCIATION.

Rendered in Favor of the Plaintiff For
\$44.27—Action Was Brought to Re-
cover Rent For Training Stables at
Fair Grounds—Trial Covers Several
Months.

In the municipal court this morning
the civil case of David Jeffris vs. Janes-
ville Driving Park Association was set-
tled, after many adjournments covering
a period of several months.

Judgment was rendered by default in
favor of the plaintiff for \$44.27 dam-
ages and costs, there being no appear-
ance on the part of the defendants. The
action was brought to recover the rent
of a training stable at the Fair grounds
during the year 1896 and which at that
time was owned by the plaintiff. It
was later known as the Dillon and
Dixon stable.

Will Pay Duty Twice.

Women who are the fortunate pos-
sessors of sealskin garments will be
interested in a recent decision of the
Treasury Department. It seems
that a lady recently wrote to the de-
partment stating that she intended to
go abroad and take with her her seal-
skin garment of foreign make which
she owned. This she proposed to have
cut up and made into smaller articles
of wear, and she desired to know
whether or not the garments thus
made would be liable to duty upon be-
ing brought into this country again.

She has been informed in a communi-
cation from Assistant Secretary Spaul-
ding that since the identity of the pre-
sent sealskin garment would be changed
in the cutting up process his opinion is
that the duty must be assessed upon
the smaller articles when brought
back to this country.

Men with Green Hair.

In the districts surrounding the cop-
per mines of Cornwall, Cuba, Chile and
other places where the ore is abundant-
ly found, a curious sight is to be seen
in the shape of men with hair that is
quite green. This is not, as might be
imagined, a fashionable fad, but the
grave results produced by the men's
surroundings. The crude ore, in order
to secure a more marketable article,
is roasted in enormous furnaces, and it
is some strange emanation from the
smelted copper that effects this chemi-
cal change in the hair of the miners,
and turns it as green as grass. Invest-
igations have proved that the fumes
from the furnaces contain a certain
quantity of arsenical matter, and this
causes the startling change, although
the texture and growth of the hair suf-
fer no injury.

Tin work, all kinds. Lowell.

NEWS OF A PERSONAL NATURE

W. G. JEFFRIS went to Chicago this
morning.

Mrs. J. C. Chadwick is visiting Mon-
roe relatives.

CHAS. LEVY has returned to his home
in Chicago.

T. P. BURNS is transacting business in
Chicago today.

W. S. HEDDLES, of Edgerton, was
registered at the Myers today.

Mrs. P. C. Brown, of Edgerton made
a brief visit with local friends yester-
day.

ALLARD SMITH, of Eau Claire, is visit-
ing in the city the guest of Frank W.
Vankirk.

HIRAM G. BENNETT returned to Chi-
cago today, after a visit with relatives
and friends.

Mr. and Mrs. Edward J. Bennett left
this morning for a visit with friends in
Rockford, Ill.

The condition of Dr. O. G. Bennett,
who is suffering with pneumonia, is
quite serious.

EUGENE C. CASE, proprietor of a Fort
Atkinson printing office looked over The
Gazette plant today.

Mrs. GEORGE S. GARE, of New Hamp-
shire, is visiting her sister, Miss Mary
J. Clark, 162 North High street.

WALTER S. FITZFIELD and H. Ross
Kling returned this morning from a
brief visit with Brodhead friends.

Mrs. E. H. GRAY and children, of
Boston, who have been visiting in the
city, left this morning for Minneapolis.

George N. Kinney, of Chicago, who
had been the guest of Mrs. Alexander
McGregor for a couple of weeks, left
last evening for his home.

Mrs. MARION P. LEAVITT is entertain-
ing Mrs. J. Goodspeed, widow of the late
Rev. E. J. Goodspeed, a former pastor of
the Baptist church, of this city.

Miss Laura Brunson, who has been
visiting relatives in this city, returned
this morning to her home at Waterman,
Ill. She was accompanied by her cou-
sin, Miss Edna Stout.

A Kitten's Leap.

It is a matter of common observa-
tion that cats always fall upon their
feet. Recently a Maltese kitten about
two-thirds grown, belonging to Mr. J.
H. Serviss of Closter, New Jersey, was
chased by a dog and took refuge in a
tall tree, which has almost no branches
up to a height of sixty feet. The kit-
ten ascended to that elevation, and ap-
parently through terror refused to de-
scend. It remained on its lofty perch
four days and nights, including one
night of tempestuous rain and light-
ning. Finally a boy, armed with
climbers, was sent after the kitten. On
his approach it ran out on a slender
branch and leaped. Mr. Serviss watch-
ed it descend, and observed that its
legs were widely sprawled, and that
it kept its belly toward the ground, un-
til, striking a small branch of a neigh-
boring tree about 15 feet from the
ground, its balance was destroyed and
it fell on its side. No bones were
broken, but it was severely bruised,
and for several days it would swallow
nothing but water. Soon it entirely
recovered.

Remarkable Tale.

Burmah Times: The last wonderful
tale being told among the Burmese in
Rangoon is concerning a monster egg,
said to be lying near Shwebo. There
are several versions of this strange
phenomenon in circulation in Rangoon
but only a few main features are com-
mon to them all. A few months ago
near Shwebo the villagers heard a
strange and mysterious voice in the
jungle uttering in Burmese the words,
"I am going to lay," which were re-
peated frequently several times a day
for many days. Eventually the egg was
laid, and its size is said to exceed that
of ten large paddy baskets. Nobody
will go near this egg, from which now
come the words, "I am going to hatch,"
also repeated many times every day,
and the people are now looking for-
ward to some extremely wonderful ap-
pearance.

New Railway.

The Railway Age says that there is
every indication that not less than
5,000 miles of new railway will be built
in the United States in 1899, repre-
senting an investment of about \$150,-
000,000.

JUDGE C. L. FIFIELD TO PRESENT PRIZE

TO BE GIVEN SOME SCHOLAR
OF PUBLIC SCHOOLS.

For the Best Essay on "What is the
Most Interesting Book in the
Janesville Library and Why it
is the Most Interesting—"Fiction
is Excluded.

Municipal Judge Charles L. Fifield
will give a prize of five dollars to the
scholar of our public schools who will
write the best essay on the following
subject: "What is the Most Interest-
ing Book in the Janesville Public Li-
brary (excluding Class No. 813) and
Why is It the Most Interesting?" The
class which is barred is that covering all
books of fiction, but essays or works of
works of travel and adventure will be
accepted in the competition. Essays
must not be less than three hundred
words in length and must be handed to
the Public Library Board by June 1,
1900. At the last meeting of the board
it was announced that the library shelve
were full of books of good solid reading
and valuable instruction which were
seldom called for, some of them in fact
having never been drawn out. On the
other hand it was stated that the works
of fiction were being worn out by con-
stant use. It is with the idea of en-
couraging the reading by the young
people of more of the former and less of
the latter class of books that the offer
of Mr. Fifield was made.

Strangers in London.

With a population of 5,500,000 Lon-
don harbors every day 12,000 stran-
gers. Some may remain a week, some
a month, but all the year around there
is an average of 120,000 visitors who
are within the metropolitan bounda-
ries.

How He Got Her.

"Here's a case of a man who went to
law in order to get the girl he loved
away from her parents." "Took out a
writ of attachment, I suppose."—Chi-
cago Post.

Disappearance of An Island.

Australian newspapers report the
complete disappearance of Met's is-
land, which as late as 1890 projected
150 feet above the ocean.

A Costly Drought.

The drought of the last few years
has cost New South Wales an enorm-
ous sum of money. The flocks of the
colony have shrunk from 66,000,000 to
46,000,000, representing a loss of 20,-
000,000 sheep. If to this is added the
loss of the natural increase, the shrink-
age amounts to 50,000,000 sheep;
enough, that is, to equip a consider-
able-sized colony. In addition there
has been a loss of nearly 300,000 horses
and 150,000 cattle. That the colony
has been able to survive these terrific
losses is a striking proof of energy and
resource. Translated into money the
colony has suffered a loss due to inad-
equate rainfall of from \$60,000,000 to
\$100,000,000.

..LATE NEWS BY TELEGRAPH..

ROBBER BAND SCATTERED.

Lieut. Moore's Detachment Defeats Brigands.

SOLDIERS ARE RE-ENLISTING.

It Is Believed Gen. Otis Can Raise Four Regiments of Volunteers at Manila, Instead of Two, If Desired—New Rule in the Provinces.

Manila, July 27.—Advices from Cebu say that Lieut. Moore, with a detachment of the Twenty-Third Infantry, has defeated a robber band in the hills of that island, which has been harassing the peaceful people of the coast towns. Seven of the bandits were captured and five killed and their fort destroyed. The Americans lost one man killed, whose name has not yet been reported, and had none wounded.

Gen. Smith has been appointed military governor of the island of Negros, in accordance with the plan of provisional government for that island proclaimed by Gen. Otis. The civil governor and secretaries will shortly be named, elections held for members of the advisory council, and the new government put in operation as soon as possible.

With the exception of a few brigands in the hills, the remains of the band so severely punished by Capt. Byrne's detachment of the Sixth Infantry, last week, Negros is entirely peaceful. Troops are in pursuit of the remaining brigands. The Spaniards used a combination of bullets and bribes in dealing with these hill brigands, whose numbers have materially increased, owing to the disorder of the country for the past year. The Americans are giving them bullets, but no bribes.

Col. Bell has enlisted about 500 men for the Thirty-Sixth Infantry. Col. Wallace has about 400 for the Thirty-Seventh. Col. Lockett has over 400 applications, and more coming in from men who desire to enlist in the cavalry regiment which he will command. Indications are that still another regiment might be raised, if desired, from among the volunteers who desire to stay in the islands and see the war through.

The transport Sherman sailed for San Francisco Wednesday with the First California Infantry, 48 officers and 950 men; two battalions of the California artillery, 9 officers and 86 men, and 275 discharged soldiers of various regiments. The transport Grant is coaling, and leaves soon with the North Dakota, Idaho and Wyoming troops. The Minnesota regiment will go on the Sheridan as soon as that vessel can unload and coal.

Volunteers Not Discouraged.

Washington, July 27.—The reports from Gen. Otis show that the officers commissioned to recruit three regiments of volunteers in the Philippines are making about the same progress as the volunteer regiments which are being recruited in this country. This is regarded at the war department as a very satisfactory answer to the charge that all the volunteers in the Philippines were disgusted and discouraged, and that none of them could be induced to remain in the service.

There is no such anxiety among the volunteers in the Philippines to come home and no such wholesale demand for muster out as has been represented by the anti-expansionists. The men have complained because they were not provided with transports to return home. But after exercising their great American privilege of "kicking," when the transports were provided, and they had only to go on board, enough for one full regiment have already volunteered to stay and fight out the war with Aguinaldo.

It is believed at the war department that before the transports now at Manila are loaded, many more volunteers will elect to remain and enlist in the new regiments to be organized there. The question of enlisting another volunteer regiment in the Philippines, making four, instead of two, which was believed to be the best that Otis could do a month ago, will be left to Gen. Otis. If he finds enough men willing to remain to form an additional regiment, he will be authorized to select officers and organize it.

NEW RULE FOR THE PROVINCES.

Otis' Instruction Regarding Organization of Provisional Government.

Washington, July 27.—It is stated at the war department that Gen. Otis has made no communications to the department regarding the organization of any provisional governments in the islands or provinces, but it is presumed that he may be doing so if conditions warrant.

Gen. Otis is acting under instructions from the president dated Dec. 21, 1898. These instructions said that the destruction of the Spanish fleets, followed by the reduction of Manila, practically effected the conquest of the Philippine islands and suspension of Spanish sovereignty. They directed that the military government of the United States maintained in Manila be extended with all possible dispatch to the whole of the district ceded to the United States by the Treaty of peace. The military commander was directed to announce that "we come not as invaders or conquerors, but as friends." Those who submitted were to be prom-

Proposition of Great Britain Are Under Consideration by the State Department—Premier Laurier's Position Not Indorsed by Imperial Authorities.

Plan to Send Merritt to the Philippines and Take Brooke from Cuba.

New York, July 27.—A dispatch to the Journal from Washington says: Major-Gen. Wesley Merritt, assigned to the governor-generalship of the Philippines; Major-Gen. John R. Brooke, assigned to the department of the east; Brig-Gen. Leonard Wood, or Maj-Gen. Elwell S. Otis, assigned to the governor-generalship of Cuba. That is the tentative military state formed today. Adjt-Gen. Corbin may upset it. Gen. Elwell S. Otis' official head was never in greater danger than it is today, and there is good reason to believe he will be relieved from command of the American troops in the Philippines before the fall campaign begins.

Says Otis' Efforts Are Wasted.

Madrid, July 27.—Former officers in the Spanish army in the Philippines who have just returned from Manila declare that the Americans are powerless to conquer Luzon during the rainy season, and that with his present force Gen. Otis' efforts are wasted. Only after Oct. 1, they say, can a decisive victory be won—for all agree as to the final outcome of the struggle, although it is their opinion that the war in Mindanao and Luzon will be long drawn out.

Waiting for the Nebraskans.

San Francisco, Cal., July 27.—The camp at the Presidio for the reception of the Nebraska regiment, soon to arrive on the Hancock, is ready. The whole military department will unite in honoring the Nebraskans as the Oregonians were honored.

Gen. Shafter, acting on the advice of Gen. Otis, has decided that no more women and children shall be allowed to go to Manila.

THE GROWTH OF SEVEN YEARS.

Building and Loan Associations in Annual Session.

Niagara Falls, N. Y., July 27.—At the seventh annual convention of the United States League of Local Building and Loan Associations Wednesday President Bader pointed out that the seven years of the league's existence had been years of financial trial to the country, but despite this the local associations not only had held their own, but had increased their business.

The secretary's report stated the number of "locals" in the United States as 5,576; membership, \$17,837; aggregate assets, \$800,135,739. Eighteen states were cited in which the total holding of real estate is \$29,468,996, the average per cent of real estate to the total assets in these states being 5.83. National associations, it was stated, are rapidly being driven from the field.

Plans for a Big Ship Canal.

Albany, N. Y., July 27.—Engineer George W. Rafter, in charge of the survey for the proposed ship canal from the great lakes to the Atlantic ocean, has drawn his report. The project is to cut a canal thirty feet deep and 340 feet wide from Lake Erie to Lake Ontario around Niagara falls, leaving Lake Ontario at Oswego, through the Oswego river to Oneida lake, thence through the Mohawk valley to the Hudson river. Another route surveyed leads from the St. Lawrence river through Lake Champlain.

Erect Monument to Rathbone.

Utica, N. Y., July 27.—A monument to the memory of Justus H. Rathbone, founder of the Knights of Pythias, was dedicated here Wednesday. An address was made by Grand Chancellor Charles T. Goodrich of Newburg, N. Y. Every lodge in the country contributed to make up \$14,000, the cost of the monument.

IS NEARING A SETTLEMENT.

Diplomats Not Worried Over Boundary Dispute.

OUR INTERESTS WELL GUARDED.

Proposition of Great Britain Are Under Consideration by the State Department—Premier Laurier's Position Not Indorsed by Imperial Authorities.

London, July 27.—The United States embassy Wednesday received dispatches which are believed to indicate that the Alaska boundary dispute is nearing a settlement. These dispatches contain replies to the last British proposals, and are likely to bring Ambassador Choate, who is visiting the earl of Dartmouth of Wolverhampton, back to London.

An official of the colonial office said that the Alaska boundary question hinged entirely upon the interpretation of the Anglo-Russian treaty of 1825, defining the boundary. He hoped that the assertion that there would be an early settlement of the dispute was correct.

Great Britain's propositions awaited the decision of the United States. He had not heard of the reported renewal of America's offer to give to Canada a free port on the Lynn canal under American sovereignty, and could not say whether or not Canada would accept it.

Tupper and Laurier Not Indorsed.

Washington, July 27.—The Alaska boundary dispute, after two days' consideration, has been relegated to the usual diplomatic procedures. There is no occasion for anxiety over the concessions which may be made by this government to Great Britain and Canada. An official of the state department said today that there had been no great progress made, and there was no indication of an immediate agreement.

Great Britain has shown that she did not indorse the bellicose views of Premier Laurier and Sir Charles Tupper in the Canadian parliament, and that she had no thought of allowing this question to bring the two nations to the verge of war. Having done so much and started the negotiations on the diplomatic road again, Great Britain would now probably let them take the usual diplomatic course.

Fear Uprising of Utes.

Washington, July 27.—Reports received at the war department and the Indian office indicate that there is danger of trouble with the White river Utes. It is said the band, which numbers several hundreds, has not been permitted to enter the old reservation in Colorado since the Meeker massacre. The Utes have served notice that they propose to return to their old hunting grounds, leaving the Utah reservation in Utah at the full of the moon. There are no soldiers in the immediate neighborhood of the Utes' camp to assist in controlling the Indians, and fear is expressed that they may succeed in stirring up other Utes and cause a general uprising.

To Welcome Ex-Secretary Alger.

Detroit, Mich., July 27.—The reception arranged to be given Gen. Alger secretary of war, on his return from Washington will be the greatest this town has ever accorded one of its citizens and, in addition, every one of the eighty-three counties in the state will be represented by delegations, all intent on showing honor to ex-Gov. Alger of Michigan. A committee of 500 will meet the general beyond the confines of the state and tender him the freedom of Michigan and Detroit, and will present suitable resolutions to Mrs. Alger.

Will Stay in Pension Office.

Washington, July 27.—Semi-official denials are given out of the stories that President McKinley was to transfer Col. H. Clay Evans, commissioner of pensions, because of alleged protests against his administration of the pension office. The story that the pension committee of the G. A. R. would make a report to the annual encampment at Philadelphia adverse to Commissioner Evans' conduct of the office is denied by a prominent G. A. R. official.

Epworth League's Pennon.

Indianapolis, Ind., July 27.—The board of control of the Epworth league adjourned Wednesday. The office of general superintendent was created. The report of the treasurer showed that the board has a balance of \$912 on hand. A resolution was passed adopting a device for a "Christian pennon" consisting of a triangular bit of bunting with a red border and white ground. Near the base of the triangle is a blue Greek cross surrounded by yellow rays.

About the only difference between the antiquarian and the junk dealer is the prices they pay for the useless things.—Chicago Daily News.

DRINK GRAIN-O.

after you have concluded that you ought not to drink coffee. It is not a medicine, but doctors order it because it is healthful, invigorating and appetizing. It is made from pure grain and has that rich, seal brown color and tastes like the finest grades of coffee and costs about as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

ACTIVITIES OF WOMAN.

Bust of Emma Willard to Be Placed in New York State Library.

Fitting recognition is to be made of the services of one whose life was devoted to the higher education of women in the placing of a bust of Emma Willard in the New York State Library at Albany.

The bust is a gift to the state from the Emma Willard association, and the formal presentation and unveiling will take place on July 27. Mrs. Russell Sage, president of the association, will make the presentation speech. It will have the distinction of being the only bust of a woman at the state capitol.

The thought of having a statue of Mrs. Willard placed in the capitol of

the state to whose educational interests she contributed so greatly was that of Mrs. Harriette A. Dillaye, the last of Mrs. Willard's teachers to be in active service. The request of the association to be allowed to place the bust in the library was preferred through Hon. Chauncey M. Depew and was graciously granted by the board of regents. The bust is the work of Miss Euid Yandell, the first woman to be made a member of the National Sculptors' society.

Unique in the world's history was the splendid welcome home which the city of Chicago recently gave to the women war nurses who went to the front in our conflict with Spain. The heroic women who served in hospital and camp were feasted and toasted at a great banquet given in their honor at the Palmer House, being highly eulogized by distinguished statesmen and soldiers for their courage, skill and endurance.

The first colored woman to graduate from a Vermont college is Miss Annie Anderson, who delivered the valedictory address at the commencement exercises of Middlebury college. Miss Mattie Smith of Bridgeport, Conn., has become a professional diver at seaside resorts, adopting this means to raise money to educate herself in music.

Progressive British women have a stanch and gallant champion in the Right Hon. Leonard Henry Courtney, who proposed and secured the amendment to the London local government bill whereby women are made eligible for election as aldermen.

Mrs. Mortimer L. Thorn, who owns the schooner yacht Studio, is the only woman sailing master who holds a license from the United States custom house.

Dr. Margaret Stanton of Syracuse has just been elected president of the Onondaga County Medical society, being the first woman to hold such a position.

The women of Maryland have presented Admiral Schley with a chest containing a handsome silver service. There was picturesqueness in the event, the presentation being made, in the presence of a large assembly of the elite of Maryland, under the wide spreading branches of a big oak at Nacirema, the beautiful country estate of General Felix Agnus in the Green Spring valley.

The Princess Engalthecheff of Chicago enjoys the distinction of being the only woman in that city who can successfully manage an automobile in the crowded streets.

The announcement of the engagement of Miss Susan Le Roy Dresser to Vicomte Romain d'Osmoy of Normandy, France, has occasioned something of a flurry in Gotham's upperworld. Miss Dresser is one of four sisters who are great favorites in New York society and who are always referred to as the "Dresser girls." The three others are married, one being the wife of George Vanderbilt.

A new field for woman's activity and one which is said not to be overcrowded is cameo cutting. Miss Agnes Doyle, a Chicago girl of artistic tastes, has engaged in this occupation and is becoming an expert.

Lieutenant Anna Lindberg of the Salvation Army in St. Louis has broken the record in selling papers, having disposed of 27,000 copies of The War Cry in 16 months.

A school for training nursery maids has been established in Boston.

The statesmen and political reformers who are "fighting the trusts" might get points from Miss Nellie M. Hower and Mrs. Mary L. Metzger of Akron, O., who for almost a year have stood in the way of the formation of a cereal trust. By injunction and other processes of law these women have prevented extensive cereal food producing companies from entering into any combination.

Granted Increase of Wages.

Youngstown, Ohio, July 27.—An increase of 25 cents a day in wages has been granted all the molders employed in the various foundries of this city. The increase dates from July 24 and affects about 500 hands.

Warren, Ohio, July 27.—The employees of the bar department of the Warren mill, belonging to the American Steel Hoop company, struck for additional help in charging. About 200 men are affected.

Negroes Shoot Into a Crowd. Evansville, Ind., July 27.—Colored non-union miners fired several shots into a crowd of boys who had been taunting them, but no one was hurt. Soon there were several hundred people on the scene and many of them carried rifles. The police dispersed the crowds with difficulty. Mayor Akin issued a proclamation forbidding the miners parading the streets.

Two Die of Yellow Fever. Washington, July 27.—The war department has received the following from Gen. Brooke at Havana: "Benjamin Heggeman, quartermaster's employee, died 20th, apoplexy, Santiago; Puerto Principe, Henry Johnson, saddler, 12, Eighth cavalry, died 22d, yellow fever; William Goerick, private G, Fifteenth infantry, died 23d, yellow fever.

No Politicians See Dewey. Trieste, July 27.—The rumors that American politicians have arrived here to consult with Admiral Dewey regarding the presidency of the United States are without foundation.

JUDGE FOR YOURSELF.

Which Is Better, Try An Experiment Or Profit by a Janesville Citizen's Advice?

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit. But the endorsement of a friend is. Now, supposing you had a bad back. A lame weak or aching one. Would you experiment on it? You will hear of many so-called cures.

But they come from far away places. Its different when the endorsement comes from home. Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case:

Mr. Samuel Griffin, of 203 Locust St., journeyman carpenter, says: "I had a severe attack of la grippe some time ago, and as the result of this sickness a weakness of the kidneys set in. The secretions from those organs were greatly disordered, and annoying me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result." Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's and take no substitute.

Handsome Rugs

Made from worn Ingrain or Brussels Carpets any size desired. Write to Baraboo Towel Mills "rug department" for circulars. Only first-class work turned out. Baraboo Towel Mills, Baraboo, Wisconsin.
